

Wednesday A.M.

Dear Louise:-

Just a few hurried lines this morning as it will only be a short time when we will see you. we will try and be there at 12 o'clock sharp.

We will bring the suit case with us so if there is anything you do not need there you can bring it home, thought perhaps you might not bother unless I wrote you. We are counting the hours as well as you are it has only been three weeks since Thanks giving but they were long ones.

Mrs Craft is in the hospital at Scranton had an operation. Mrs ^{Levi} Lowry and Mrs Dr. Koenig both died this week.

Mom says she can't finish this up so I will try it.

Emily Thorne said that The Decker's were down Sunday but didn't stay long.
